

## Certificates of Origin

Trade Technologies, Inc. is pleased to offer online chamber certifications. A simple and quick process to meet your Customs and Letter of Credit requirements for all goods originating in the United States, Canada or European Union.

### ***Do you have to physically deliver Certificates of Origin to the Chamber of Commerce for stamp and signature?***

Trade Technologies offers digital / soft copies of original Certificates of Origin stamped and signed by Chambers of Commerce in the United States, Canada and European Union.

### ***Would you be interested in receiving original Certificates of Origin by email that you could print in your office?***

Trade Technologies has partnered with several Chambers of Commerce throughout the United States, Canada and the European Union to be able to offer Certificates of Origin online. Our clients no longer have to go down to their local Chamber of Commerce and wait for their stamp or pay courier fees for delivery of paper Certificates of Origin. We can provide same day turnaround if requested by 4pm Pacific Time.

### ***Trade Technologies offers simple processes to provide original Certificates of Origin for shipments that are of United States or Canadian origin:***

- We will prepare an original Certificate of Origin based on your data, add the chamber stamp and signature and then email or courier the original back to you. **OR**
- Send Trade Technologies by email your completed Certificate of Origin. We will add chamber stamp and signature to your form and return by email or courier.
